

Sun Life Chair in Youth Mental Health Dalhousie University, Faculty of Medicine

Position: Sun Life Chair in Youth Mental Health, Dalhousie University, Faculty of Medicine

Location: Department of Psychiatry, Dalhousie University, and IWK Health, Halifax, NS

We wish to attract a talented and energetic leader (MD and/or PhD) with an excellent, established record of research accomplishments related to youth mental health. The successful applicant will demonstrate the ability to develop and direct an internationally recognized research program in mental illness/mental health, emphasizing the potential for translation and application to clinical practice. Applicants shall be collaborative and committed to the development of a strategy for youth mental health research, clinical practices and community outreach in the region and beyond. A demonstrated ability to attract external funding and sustain a strong research program is essential.

Review of applications will begin **December 31, 2022** and continue until the position is filled. For more information about this opportunity, visit the link below. All applications are to be submitted via PeopleAdmin at <https://dal.peopleadmin.ca/postings/11601>
